Seeing God's Blessings 10 Years Later!

Over 10 years ago, a beautiful 15 year old girl named Stephanie came to the center for a pregnancy test which was Positive. She had already rebuffed the boyfriend's suggestion to abort despite his recent abandonment. When she came to the center, she expressed that her greatest concern was her own father who had always set high standards for her to fulfill. Stephanie initially shared the pregnancy information only with her mother... who arranged for the client's two uncles to be present when the father was told.

Upon hearing about the pregnancy, Stephanie's father began several months of silent estrangement with his daughter. When he finally spoke to her he shared that his dream for her had included college. He added that she had now ruined her life and despite her honor roll grades, she would never complete a college education. He was wrong.

Recently, this determined, young woman contacted us with an update! She spoke of her 10 year old son, Angel— a handsome boy who is now in 5th grade. She recalled with tears the love and support she had received from us when she most needed it. And though the years had brought ups and downs, she had recently renewed her relationship with the Lord to whom she was introduced at SLM so many years ago.

She smiled as she proudly shared she had kept her promise to her father and was nearing completion of a four year college degree at George Mason University.

To God be the glory!

Thank you for partnering with us to support women like Stephanie!
And to share Life in Christ...Life in the womb.

Prayer & Praises!

Springtime--the season of new beginnings! In Isaiah 43:19 God says, "Behold, I do a new thing, Now it will spring forward, Do you not know it? I will even provide a road in the wilderness and rivers through the desert."

Yes, we do know that God is *working!*. We recognize His workings through YOU, our faithful donors; through His devoted SLM staff; through volunteers charitably contributing time; and through the clients who graciously receive. In the Hebrew language, 'spring' means 'sprout.' ('Now it will sprout forward.') His plan is in process--seeded with Truth and led by His Spirit--a plan destined to unfold.

On the horizon for Sanctity of Life Ministries is:

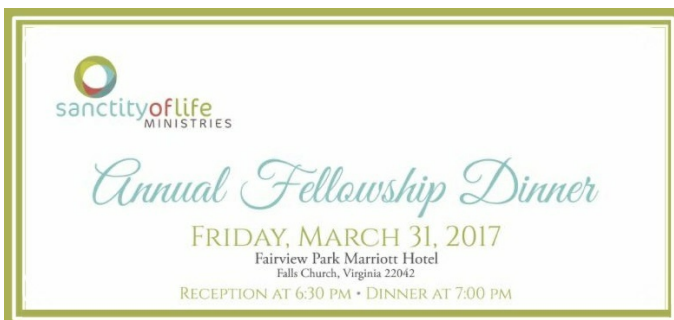

- Celebrating how the Lord has touched lives through SLM at our [Annual Fellowship Dinner on March 31st](#).
- Expanding 'Earn While You Learn' program with more classes and topics available to clients!
- Increasing our prayer effort so God will bring in more women to hear about Life in Christ...Life in the womb.

Thank you for walking with us as we serve the Lord together!

In His Service,

Margery Williams, CEO

Welcome Annie!

Sanctity of Life Ministries wholeheartedly welcomes Annie Luther as its newest staff member! A 2016 graduate of George Mason University, Annie will be serving as SLM's Fairfax Office Administrator. This is an answered prayer for Annie and her fiancé who specifically had asked the Lord to find a ministry position!

Annie comes to us with previous managerial office experience and is delighted to join the SLM team. She brings a warm and caring personality that puts people at ease-- a wonderful attribute since many clients are dealing with unexpected pregnancies. Annie's delight is summed up when she says, "God's work in my life is overwhelming-I am so honored to be able to serve Him and my sisters in Christ in this way."
